LIST AT	ACCEPT FROM	FAIR VALUE
AED 264,000	**AED 244,000**	**AED 254,000**

WHY

- Your AED 230,000 is -10% vs fair private value AED 254,000 (range 242,000 to 267,000).
- History is unverified. Pull the RTA vehicle history certificate and accident report (about AED 100 each) before listing; buyers pay full price for proof.
- Japanese spec sells about 5% under GCC in the UAE (no local warranty, climate doubts); your PPF, E-Active Body Control and clean record earn part of it back.
- Sell now: a 2020 GLS 580 loses roughly 10 to 15% a year, and every month you wait costs about AED 2,500.

ELSEWHERE?

- UAE wins; export does not pay after duties, shipping and risk. Kazakhstan: about AED 9k worse than UAE; USA: about AED 142k worse than UAE; Russia: excluded (sanctions and compliance risk).

PLATE AND CHASSIS CHECK

- Not run: no plate photo or chassis number received.

AGENTS

- Market agent and plate agent exchanged 4 messages; plate agent: skipped; final verdict agreed.
